Subject: RE: Post-opinion review – Day+19 - Ventavis - EMEA/H/C/000474/IB/0061—Comments received: Spain

Dear Theresa,

I have just contacted the assessor, she informed that she doesn't have any comment and that by mistake she indicated in the e-mail that she had comments.

She has empathized that once the linguistic review period is finished, we should send a clean version of the finally agreed texts in Word to the Spanish QRD mailbox: qrd@aemps.es. It would be helpful if we could add in the subject 'Final clean version' together with a reference to the medicinal product name and procedure number.

Freundliche Grüße / Best regards,

Diana Echenique
