Committee for Medicinal Products for Veterinary Use

Post-authorisation summary of opinion*

Panacur AquaSol

International non-proprietary name (INN): Fenbendazole

On 13 December 2012, the Committee for Medicinal Products for Veterinary Use (CVMP) adopted a positive opinion,** recommending the granting of a variation to the terms of the marketing authorisation for the veterinary medicinal product Panacur AquaSol. The marketing authorisation holder for this veterinary medicinal product is Intervet International BV.

The change agreed by the CVMP concerns a new indication for the treatment and control of gastrointestinal nematodes in pigs infected with *Trichuris suis* (adult stages) and new posology for the treatment and control of *Trichuris suis* the dose has to be administered on 3 consecutive days.

Detailed conditions for the use of this product will be described in the updated summary of product characteristics (SPC) which will be published in the revised European public assessment report (EPAR) and will be available in all official European Union languages after the variation to the marketing authorisation has been granted by the European Commission.

* Summaries of opinion are published without prejudice to the Commission Decision.

** Applicants may appeal any CVMP opinion, provided they notify the European Medicines Agency in writing of their intention to appeal within 15 days of receipt of the opinion.
