Re. Withdrawal of variation application EMEA/V/C/002526/II/0047 for Bravecto oral tablets for dogs

Dear Madam/Sir,

For the withdrawal of a Type II variation of a medicinal product already authorised, I would like to inform you that, at this point in time, Intervet International BV has taken the decision to withdraw the application for a new indication for Bravecto tablets.

This withdrawal is based on the reason that the CVMP considers the data provided do not allow the committee to conclude on a positive benefit risk balance.

We reserve the right to make further submissions at a future date in this or other therapeutic indication, if applicable.

I agree for this letter to be published on the EMEA website.

Sincerely yours,

MSD ANIMAL HEALTH INNOVATION GMBH
