Re. Equilis EHV 1+4
Withdrawal of application for marketing authorisation (EMA/V/C/0006147/0000)

Dear Madam, dear Sir,

I would like to inform you that, at this point in time, MSD-AH, applicant Intervet International B.V., has taken the decision to withdraw the application for a marketing authorisation application for Equilis EHV 1+4, suspension for injection for horses.

This withdrawal is based on the conclusion that, after careful consideration, the currently available resources are not sufficient to solve the outstanding issues.

The applicant would like to express its gratitude to the rapporteurs, the Agency and the CVMP members for their time and effort spent to assess this application.

The applicant reserves the right to make further submission(s) at a future date in this or other therapeutic indication(s) if applicable.

I agree for this letter to be published on the EMA website (UPD).

Yours sincerely,
Intervet International B.V.
