

PERSONAL INFORMATION

Angeliki Rompoti

WORK EXPERIENCE

- 1995–1999 **Toxicology Assessor**
BENAKI PHYTOPATHOLOGICAL INSTITUTE (Greece)
Toxicological Evaluation of Pesticides under Directive 91/414 EEC
- 1999–2009 **Preclinical and Clinical Assessor of Human Medicinal Products**
National Organization for Medicines - EOF (Greece)
Preclinical and Clinical evaluation : Oncology,NSAIDs, Centrally acting Analgesics, Radiopharmaceuticals, Homeopathic
- Safety Working Party (SWP-EMEA) : Greek delegate 2000-2005
 - Paediatric Committee (PDCO-EMEA) : Greek alternate 2007 – 2009
 - National Agency’s Scientific Board for Radiopharmaceuticals : member 2000-2007
 - National Agency’s Scientific Board for Homeopathic Products : member 2007 - 2008
- 2009–2011 **GDP & market surveillance inspector**
National Organization for Medicines - EOF (Greece)
- National Agency's Committee for Medicines Advertising : member since 2008
- 2011–2012 **Head of Biological Products Assessment Section**
National Organization for Medicines - EOF (Greece)
- Biologicals Working Party (BWP) : Greek alternate since 2011
 - Committee for Advanced Therapy (CAT) : Greek alternate since 2012
- 2012–February 2014 **Head of Medicines Sufficiency Section**
National Organization for Medicines EOF (Greece)
Handling of drug shortages (monitoring and restoring sufficiency / drug supply chain / authenticity sticker)
- February 2014–Present **Head of Biologicals Assessment Section**
National Organization for Medicines (Greece)
Evaluation of applications for approval or variation of marketing authorizations of biologicals
Committee for Advanced Therapy (CAT) : Greek alternate since 2012
National Scientific Committee for Biologicals

EDUCATION AND TRAINING

- 1990–1995 **PhD in Radioimmunochemistry**
NCSR “Demokritos” / University of Patras (Greece)
Radiopharmaceuticals / Biological and Radiochemical control of Radiopharmaceuticals, Immunodiagnostic Techniques (RIA, ELISA) Radioimmunochemistry, Generators, Radiolabelled Monoclonal Antibodies, Immunizations and Antisera production and Characterization, Peptide Synthesis, Protein Isolation and Characterization from Tissues and Biological Fluids
- 1984–1989 **University Degree in Pharmacy**

University of Patras (Greece)

ADDITIONAL INFORMATION

Expertise Preclinical and Clinical evaluation of Human Medicinal Products : Oncology, NSAIDs, Centrally acting Analgesics, Radiopharmaceuticals, Homeopathic, Biologicals
GDP & Market surveillance Inspection
Handling of drug shortages (monitoring and restoring sufficiency / drug supply chain / authenticity sticker)
Safety Working Party (SWP-EMA) : Greek delegate 2000-2005

- Paediatric Committee (PDCO-EMA) : Greek alternate 2007 – 2009
- Biologicals Working Party (BWP) : Greek alternate 2012 - 2014
- Committee for Advanced Therapy (CAT) : Greek alternate since 2012
- National Agency's Scientific Board for Radiopharmaceuticals : member 2000-2007
- National Agency's Scientific Board for Homeopathic Products : member 2007 - 2008
- National Agency's Committee for Medicines Advertising : member 2008-2014
- National Agency's Scientific Committee for Biologicals : secretariat 2014 - 2018

Publications

1. Covalent Immobilization of Antibodies with Improved Immunoreactivity onto Plastic Beads. P. Tyllianakis, S. Kakabakos, A. Roboti, G. Evangelatos, D.S. Ithakissios. *Clinical Chemistry* 38: 1103 (1992)
2. Labelled Derivatives of the Tetrapeptide AcSDKP, a Negative Regulator of the Haemopoietic System and their Immunoreactivity. A. Roboti, E. Livaniou, A. Kapurniotu, W. Voelter, G. Evangelatos, D.S. Ithakissios. *International Pharmacy Journal (Congress suppl.)* p. 86 (1992)
3. HPLC Separation of Biotinyl Amide-Analogues which are used as Substrates in Biotinidase Radioassays. E. Livaniou, A. Roboti, SE Kakabakos, J. Nyalala, GP Evangelatos and DS Ithakissios. *Journal of Chromatography B Biomedical Applications* 656 : 215-218 (1994)
4. Large Scale Chromatofocusing-based Method for Isolating Thymosin β 4 and Thymosin β 9 from Bovine Tissues. A. Roboti, E. Livaniou, GP Evangelatos, G. Tsoupras, O. Tsolas, DS Ithakissios. *Journal of Chromatography B Biomedical Applications* 662 : 27-34 (1994)
5. Isolation and Electrospray Ionization Mass Spectrometric Analysis of the Bioactive Peptide Thymosin β 4. A. Roboti, G. Tsoupras, E. Livaniou, G. Evangelatos, D.S. Ithakissios. *European Journal of Drug Metabolism and Pharmacokinetics*, 19 (suppl. 2) : 59 (1994)
6. Development of Specific Anti-peptide Antisera for Human Beta Thymosins. A. Roboti, I. Vassiliadou, L. Leondiadis, E. Livaniou, N. Ferderigos and D.S. Ithakissios, *Hellenic Forum on Bioactive Peptides* 303 : 310 (1997)
