Work experience

1. Employer: University Complutense Madrid
 - Start date: 05/2009
 - End date:
 - Position: Full Professor
 - Activities: Responsible for the theoretical and practical classes of Pharmacognosy and Phytotherapy and Pharmacology for undergraduate students in Pharmacy. • Post graduate and master lectures related to Phytotherapy, Manufacturing (control of raw material, in process and finished product specifications) or Legal framework of Herbal medicines at European level. • Invited speaker in several Courses or conferences related to Phytotherapy, Manufacturing (control of raw material, in process and finished product specifications) or Legal framework of Herbal medicines at European level. • PhD Direction: 3 • Direction of Final Year Dissertations: 13 • Direction of Research studies (DEA): 2 • Direction of Collaborating Grants for Students UCM : 5 • Tutor of Erasmus Students within the Department of Pharmacology, Faculty of Pharmacy UCM: 7 • Lectures as invited speaker at national/international courses
2. Employer: University Complutense Madrid
 - Country: Spain
 - Start date: 10/2006
 - End date: 05/2009
 - Position: Assistant Professor
 - Activities:

Professor for practical classes on Pharmacology/ Pharmacognosy

Researcher member of the Research Group "Pharmacology of Natural products" from the Pharmacology Department, Faculty of Pharmacy, UCM. The research lines followed by this group cover the study of several pharmacological activities that are based on the antioxidant ability of those compounds found in vegetal species with therapeutical interest, namely a) Neuroprotective activity. This research is developed on cellular lines from the neuroglia such as astrocytes (U_373 MG) and neurons (pC12). b) Antitumoral activity research on those cellular lines proposed by the National Cancer Institute (NCI): MCF_7, UACC_62 and TK.10. c) Vascular protective activity on primary cultures from aortic smooth muscle cells from rat. d) Chemical analysis: identification, isolation and characterization of the active compounds.

- Country: Spain
3. Employer: Arkopharma Laboratoires
 - Start date: 11/1999
 - End date: 09/2006
 - Position: Technical Assistant
 - Activities:

Responsible for Development of Application Dossiers for different medicinal products for human use in the European Union: Herbal Medicinal Products, OTC medicines, Prescription medicines.

Responsible for new Herbal products formula development under different Legal status (THMP, Food Supplements)

Technical Assistant for Research Department (R+D)

Invited to several meetings and courses on Phytotherapy and Herbal products Legal Status

- Country: Spain
4. Employer: National Institute of Agriculture Research
 - Start date: 09/1997
 - End date: 12/1999
 - Position: Researcher
 - Activities:

Development of chromatographic analysis (HPLC_GC) from different vegetal samples. Writing up Congress communications and scientific manuscripts.

- Country: Spain
5. Employer: National Institute of Agriculture Research
 - Start date: 09/1999
 - End date: 11/1999
 - Position: Researcher
 - Activities:

Development of chromatographic analysis (HPLC_GC) from different vegetal samples. Writing up Congress communications and scientific manuscripts.

- Country: Spain

Education and training

1. Subject: University Complutense de Madrid
 - Start date: 1071984
 - End date: 0671989
 - Qualification: Degree in Pharmacy
 - Organisation: University Complutense of Madrid
 - Country: Spain
2. Subject: University Complutense of Madrid
 - Start date: 0171990
 - End date: 0571995
 - Qualification: Doctorate degree in Pharmacy
 - Organisation: University Complutense of Madrid
 - Country: Spain
