

Curriculum Vitae

Personal information Jens Sonksen

Work experience

1. Employer: Department of Urology, Rigshospitalet, Copenhagen
 - Start date: 021988
 - End date: 071988
 - Position: Resident
 - Activities: Post doctoral training in Urology
 - Country: Denmark
2. Employer: Department of Surgery, Gynecology and Internal Medicine , Holbaek Hospital
 - Start date: 081988
 - End date: 021992
 - Position: Resident
 - Activities: Post doctoral training in Surgery, Urology, Gynecology and internal Medicine
 - Country: Denmark
3. Employer: Department of Urology, Rigshospitalet, Copenhagen
 - Start date: 071996
 - End date: 061999
 - Position: Resident
 - Activities: Post doctoral training in Urology
 - Country: Denmark
4. Employer: Department of Urology, Gentofte Hospital, Gentofte
 - Start date: 081999
 - End date: 022003
 - Position: Senior resident
 - Activities: Post doctoral training in Urology
 - Country: Denmark
5. Employer: Department of Urology, Herlev & Gentofte Hospital
 - Start date: 032003
 - End date:
 - Position: Chief Urologist and Associate Professor of Urology
 - Activities: Clinical Urology and research Chair of the Urological Research Center since 2011
 - Country: Denmark
6. Employer: University of Copenhagen
 - Start date: 092008
 - End date:
 - Position: Clinical Professor of Urology
 - Activities: Education of medical students
 - Country: Denmark
7. Employer: University of Copenhagen
 - Start date: 092013
 - End date:
 - Position: Chair Professor of Urology
 - Activities: Responsible for the specialty of Urology at University of Copenhagen
 - Country: Denmark
8. Employer: European Association of urology
 - Start date: 062012
 - End date: 022017
 - Position: Member, Scientific Congress Office, European Association of Urology (EAU)
 - Activities: Planning the Scientific activities for the annual meeting
 - Country: Netherlands
9. Employer: European Association of Urology
 - Start date: 032017
 - End date:
 - Position: Adjunct Secretary General
 - Activities: Treasurer
 - Country: Netherlands
10. Employer: Scandinavian Journal of Urology
 - Start date: 032011
 - End date: 122020
 - Position: Associate Editor, Scandinavian Journal of Urology (SJU)
 - Activities: Editorial work within urological andrology and lower urinary tract dysfunction
 - Country: Sweden

Education and training

1. Subject: Department of Urology, Rigshospitalet, Copenhagen
 - Start date: 031992
 - End date: 061995
 - Qualification: PhD
 - Organisation: Making a PhD including developing the first medical device in the world to re-establish ejaculatory function in men with spinal cord injuries
 - Country: Denmark
2. Subject: Department of urology, University of Michigan

- Start date: 071995
- End date: 061996
- Qualification: Visiting research investigator and fellowship in Andrology
- Organisation: Surgical andrology including micro surgery training Animal studies in reproduction
- Country: United States

Additional information

Publications

BIBLIOGRAPHY Publications in peer reviewed journals 1. Sønksen J, Hansen EF, Colstrup H. Testicular metastasis from prostatic carcinoma. *Br J Urol* 1990;66:100_101 2. Projects

1995 Ph.D., University of Copenhagen, Copenhagen, Denmark: "Ejaculation induced by penile vibratory stimulation in men with spinal cord injuries. The importance of the vibratory amplitude". 2003 Doctor of Medical Science, DMSci, University of Copenhagen, Copenhagen, Denmark. "Assisted ejaculation and semen characteristics in spinal cord injured males". 2019 ongoing Ole Jacob Nilsen, PhD. thesis: "Prevention of bladder dysfunction in acute Spinal cord injury. A double-blind, randomized, placebo-controlled study to explore the effect of early treatment with Onabotulinumtoxin A in patients with detrusor overactivity due to spinal cord injury". Section of reconstructive urology and neurourology Department of Urology, Oslo University Hospital, Oslo, Norway Christian F.S. Jensen, PhD Thesis: "Sperm retrieval in men with non-obstructive azoospermia – a clinical randomized controlled study between MikroTese and TESE", Department of Urology, Herlev & Gentofte Hospital, Denmark Klara Kvorning Ternov: Toxicity of abiraterone versus enzalutamide in men with chemotherapy-naïve metastatic castration-resistant prostate cancer: A randomized clinical trial, Department of Urology, Herlev & Gentofte Hospital, Denmark Mette LK Schmidt: MOVING MEN – exploration and support of physical activity promotion in men undergoing treatment for prostate cancer. Department of Urology, Herlev & Gentofte Hospital, Denmark Alexander Nolsøe: Can intraoperative nerve monitoring predict and improve functional outcome after robotic-assisted radical prostatectomy? Department of Urology, Herlev & Gentofte Hospital, Denmark Completed study projects medical student Lasse Bremholm OSVAL II: "Spinal cord lesions and cancer incidence". University of Copenhagen, Department of Urology, Gentofte Hospital, Gentofte, Denmark, 2000 Mikkel Fode (kandidatspeciale): "Varicoceles". Aarhus University, Department of Urology, Herlev Hospital, Denmark 2008 Anders Frey (kandidatspeciale): "Uncommon sexual side effects of radical prostatectomy". University of Copenhagen, Department of Urology, Herlev Hospital, Denmark, 2014 Christian Fuglesang Skjødt Jensen (kandidatspeciale): "Analysis of sperm retrieval techniques in azoospermic men". University of Copenhagen, Department of Urology, Herlev Hospital, Denmark, 2014 Laura Giraldi (kandidatspeciale): Penisimplantater er en god sidste behandlingsmulighed for erektil dysfunction. University of Copenhagen, Department of Urology, Herlev Hospital, Denmark, 2016 Mie Ynddal (kandidatspeciale): "Sexual function in patients suspected of non-muscle invasive bladder cancer". University of Copenhagen, Department of Urology, Herlev Hospital, Denmark 2017 Study project medical student ongoing Frederik Jacobsen: "Patient satisfaction and pain management following a robot assisted radical prostatectomy: USA vs. Denmark" RESEARCH FUNDING 1991 The Danish Research Academy & Rigshospitalet. Ejaculation and semen quality in SCI men. Principal Investigator (900.000 DKK) 1992 Johnsen Research Foundation, Denmark. Electroejaculation in SCI men. Principal Investigator (100.000 DKK) 1993 Multiccept Corporation, Denmark. Ferti Care Vibration System to Induce Ejaculation in SCI men. Principal Investigator (40.000 DKK) 1994 Johnsen Research Foundation, Denmark. Travel funding (50.000 DKK) 1995 Rigshospitalet, University of Copenhagen, Denmark. Male infertility. Research and development. Principal Investigator (2.2 million DKK) 1995 Johnsen Research Foundation, Denmark. Travel funding (62.000 DKK) 1998 Johnsen Research Foundation, Denmark. Travel funding (15.000 DKK) 1998 Multiccept Corporation, Denmark, External Pudendal Nerve Stimulation. Principal Investigator (1.8 million DKK) 1999 Professor Jens C. Christoffersens foundation, Denmark. Travel funding (20.000 DKK) 2001 Multiccept Corporation, Denmark. External Pudendal Stimulation. Principal investigator (100.000 DKK) 2002 Johnsen Research Foundation, Denmark. Travel Funding (20.000 DKK) 2002 The International Institute for Research in Paraplegia (IRP), Switzerland. Transcutaneous Nerve Stimulation and Urinary Bladder Capacity in Spinal Cord Injured. Principal investigator (300.000 DKK) 2007 Holger Knud Christiansen foundation, Denmark. Transcutaneous Mechanical Nerve Stimulation (TMNS) in the treatment of incontinence. Principal investigator (1.8 million DKK) 2007 Holger Knud Christiansen foundation, Denmark. Urethral reflectometry _ measurement of pressure and cross-sectional area in urethra. In collaboration with Professor Gunnar Lose and Dr. Niels Klarskov, Department of Gynaecology, Glostrup Hospital, Glostrup, Denmark. (2.2 million DKK) 2009 L.F. Foghts Foundation, Denmark. Transcutaneous Mechanical Nerve Stimulation in the rehabilitation of erectile and urinary continence function following radical prostatectomy in men with prostate cancer. Principal investigator (272.000 DKK) 2010 EU Interreg IVA _ Øresund, Kattegat, Skagerrak, EU Reprosund Project: An analysis of the possibilities to establish a cooperation in the region of Øresund within the area of reproductive medicine and surgery in relation to treatment, research and education. Danish project leader (6.640.498 DKK) 2010 Velux foundation, Denmark. Transcutaneous Mechanical Nerve Stimulation in the rehabilitation of erectile and urinary continence function following radical prostatectomy in men with prostate cancer. Principal investigator (2 million DKK) 2011 Aase & Ejnar Danielsen's Foundation, Denmark. Transcutaneous Mechanical Nerve Stimulation (TMNS) to treatment of persistent urinary incontinence after radical prostatectomy Principal investigator (150.000 DDK) 2012 EU Interreg IVA _ Øresund, Kattegat, Skagerrak, EU. ReprHigh Project: Establishment of International Reproductive Center of Excellence in the region of Øresund. Danish project leader (14.000.000 DKK) 2015 EU Interreg V _ Øresund, Kattegat, Skagerrak, EU. ReprUnion Project: Establishment of International Reproductive Center of Excellence in the region of Øresund. (115.000.000 DKK) 2018 EU Interreg V _ Øresund, Kattegat, Skagerrak, EU. ReprUnion Project: Continuation of International Reproductive Center of Excellence in the region of Øresund. (45.000.000 DKK)
