

Curriculum Vitae

Personal information Donald Walker

Work experience

1. Employer: Pfizer

- Start date: 011986
- End date: 042010
- Position: Research Fellow
- Activities: • Member of Global PDM Development Strategies Group with personal role as Scientific Lead (Europe) • Direct support as departmental representative for various late stage drug development programs and approved products • Developing strategic direction for department in support of late stage portfolio, focussing on aspects of ADME science to facilitate drug development and registration and add value to the Pfizer portfolio (e.g. in areas of pharmacogenetics, paediatric pharmacokinetics, metabolite characterisation strategy, drug registration and regulatory perspectives) • Mentorship of PDM scientists in support of development programs • Local leadership to communicate and share science associated with drug development candidates at the Sandwich site • Member of the Global PDM Development Committee, to provide scientific oversight in support of the global late_stage portfolio
- Country: United Kingdom

Education and training

1. Subject: University of London

- Start date: 101978
- End date: 061981
- Qualification: BSc Biochemistry and Chemistry
- Organisation:
- Country: United Kingdom

Projects

Consultant to various pharmaceutical companies for Drug Metabolism and Pharmacokinetic expertise across drug discovery and development programmes across a wide range of therapeutic areas and via various routes of administration

Memberships

Member of the British Pharmacological Society (BPS) 1995 – 2010 and International Society for the Study of Xenobiotics (ISSX) 1996 – 2010. Member of International Society for the Study of Xenobiotics (ISSX) Committee on Regulatory Affairs (CORA) 2008 – 2010.

Other Relevant Information

Committee member of the Drug Metabolism Discussion Group (DMDG) 1996 – 2001; secretary (1996 – 1997); chairman (1997 – 1999). Tutor on the DMDG Preclinical Pharmacokinetics Course (1996 – present). Organising Committee member of the UK and European DMPK Development Managers Group (2002 – 2007). Lecturer at Management Forum – Pharmacokinetic Workshop, 1996 – 2010 "The use of pharmacokinetic and metabolic studies in candidate drug selection" Lecturer at University of Surrey – Modular Training Programme in Applied Toxicology, 1999 – 2015 "Pharmacokinetics and Drug Metabolism", "Application of Toxicokinetics and Metabolism Studies in Drug Development" and "Methods for Studying Drug Metabolism in Man" Lecturer at University of London on MSc course – Drug Discovery and Development, 2000 – 2021 "Pharmacokinetics and Drug Metabolism in Drug Discovery" Lecturer European Federation for Medicinal Chemistry Short Course on Medicinal Chemistry, 2009 – 2010. "Importance of adequate pharmacokinetics" and "PK assays and their interpretation for drug design teams". Editorial Advisory Board Member for Current Drug Safety Journal 2005 – 2009. Ad hoc manuscript reviewer for Xenobiotica and Drug Metabolism and Disposition.
