

PERSONAL INFORMATION

Ausra Matuleviciene

WORK EXPERIENCE

September 2019–Present

Associate professor

Vilnius University, Faculty of Medicine, The Department of Human and Medical Genetics (Lithuania)

Lecturing/teaching medical faculty students and residents

September 2017–August 2019

Assistant professor

Vilnius University, Faculty of Medicine, The Department of Human and Medical Genetics (Lithuania)

teaching students and residents

September 2017–Present

Senior researcher

Vilnius University, Faculty of Medicine, The Department of Human and Medical Genetics (Lithuania)

research in dysmorphology

September 2005–Present

clinical geneticist

The Centre for Medical Genetics of Vilnius University Hospital Santaros Klinikos, Genetic Counselling and Registry Department (Lithuania)

clinical genetics, clinical dysmorphology, genetic counselling, rare diseases (lysosomal diseases, disorders of purine/pirimidine metabolism, Huntington disease, torsion dystonia and etc.)

October 2011–Present

clinical geneticist

Medical Diagnostic and Treatment Centre (Lithuania)

genetic counselling

November 2013–August 2017

lecturer

Vilnius University, Faculty of Medicine, The Department of Human and Medical Genetics (Lithuania)

residents teaching

November 2013–August 2017

research associate

Vilnius University, Faculty of Medicine, The Department of Human and Medical Genetics (Lithuania)

research of oral clefts

September 2007–October 2013

junior research associate

Vilnius University, Faculty of Medicine, The Department of Human and Medical Genetics (Lithuania)

research of oral clefts

October 2005–September 2006

chief of Primary Evaluation Department

State Medicines Control Agency, Primary Evaluation Department, marketing Authorisation Division (Lithuania)

evaluation of administrative part of the documentation, organization the work of the PED.

September 2003–September 2005 **senior specialist of Primary Evaluation Department**
 State Medicines Control Agency, Marketing Authorisation Division, Primary Evaluation Department (Lithuania)
 evaluation of the administrative part of the documentation

September 2002–August 2003 **junior research clefts**
 Vilnius University, Faculty of Medicines, The Department of Human and Medical Genetics (Lithuania)
 research of oral clefts

September 2001–August 2003 **clinical geneticist**
 The Centre for Medical Genetics of Vilnius University Hospital Santariškiu Klinikos, Genetic Counselling and Registry Department (Lithuania)
 genetic counselling

January 1998–August 1999 **pediatrician**
 Outpatient Clinic (Naujininkai), Pediatrics Department (Lithuania)
 childrens treatment and prophylactic

EDUCATION AND TRAINING

September 1986–June 1992 **speciality of Pediatrics**
 Vilnius University, Faculty of Medicine (Lithuania)
 general pediatrics skills

July 1992–August 1993 **Pediatrics (postgraduate studies)**
 Kaunas University of Medicine, Clinic of Pediatrics (Lithuania)
 general pediatrics, qualification - pediatrician

September 1999–August 2001 **clinical geneticist**
 Department of Human and Medical Genetics, Faculty of Medicine, Vilnius University (Lithuania)
 genetics

September 1993–July 1997 **pediatrician**
 Vilnius University, Faculty of Medicine, Pediatrics (postgraduate studies) (Lithuania)
 pediatrician

October 2012–October 2013 **PhD**
 Vilnius University, Faculty of Medicine (Lithuania)

ADDITIONAL INFORMATION

Expertise Biology: development genetics, gene therapy,
 Clinical: clinical genetics, metabolic medicine, rare diseases: lysosomal diseases of purine/pyrimidine metabolism, propionic acidemias, pediatrics, Huntington disease, dysmorphology, genetic syndromes

Publications provided under request

Projects Projects GENOLOG, RETAGEN

Memberships Member of the European Society of Human Genetics from 2007
Member of the Lithuanian Society of Doctors from 2006
Member of the Lithuanian Human Genetics Society
Member of the Board of the Lithuanian Society of Human Genetics from 2001 - 2011

Other Relevant Information PhD - biomedical sciences, medicine (06B), dissertation defended on 9th October, 2013;
ITHACA -ERN (Coordinator from Lithuania)
Member of Huntington's disease Coordination Centre of Lithuania;
