# Curriculum Vitae

## Personal information

Mickaelle Sachet

## Work experience

**05-2017 to Present**

**French agency for veterinary medicinal products (France)**

Deputy Director (1 year – Team of 90 people)
Also in charge of the Licensing unit (Marketing authorsations and Veterinary Pharmaceutical Establishments)

Head of Department (5 years – Team of 20 people)
In charge of the Licensing unit (Marketing authorsations and Veterinary Pharmaceutical Establishments)

Head of Department (3 years – Team of 20 people)
Manage the 3 units in charge of market surveillance and drug control, management and inspection of Veterinary Pharmaceutical Establishments

**10-2003 to 04-2017**

**NOVASEP Synthesis (France)**

Project Manager (6 years – Multidisciplinary team)
Coordinate all the actors involved in the development of the process and the production of active ingredients (Drafting of documentation (DMF, scientific reports), participation in regulatory inspections (FDA, ANSM), quality audits, organization of work, monitoring of advancement, privileged contact with the client)

Production manager of the pilot workshops (4 years - Team of 12 people)
Supervise all production and control activities in compliance with cGMP quality standards

Research engineer (3 years – Team: 5 technicians)
Research of new synthesis and/or purification routes, optimization and development of syntheses on a pilot scale
Development of analytical methods for the characterization of finished products

**12-1999 to 12-2002**

**High School of Chemistry in Rennes (France)**

Research Engineer - PhD
Synthesis & physico-chemical studies of glycolipids: towards biotechnological applications

## Education and training

**1999-2003**

PhD at the Laboratory of Chemistry of Biomolecules and Organized Systems (CNRS UMR 6052) under the supervision of Professor Plusquellec – High Scool of Chemistry in Rennes (ENSC Rennes - France)

**1998-1999**

Master II degree in fine chemistry – University of Rennes I – Institute of Pharmacology of Sherbrooke (Canada), Option: Synthesis and production: analytical chemistry, industrial chemistry, biotransformations, formulation, emulsions, microencapsulation, environment…

**1994-1999**

Engineering degree from the High School of Chemistry in Rennes

## Additional information

### Publications

### Projects

### Memberships

Member of Veterinary Batch Release Network from EDQM (VBRN)

Member of VSIAG (Advisory Group on VMP Reg-Systems Improvements)
