

## Curriculum Vitae

Personal information **Jean Bachmann**

### Work experience

---

1. Employer: German Environment Agency
  - Start date: 04.2008
  - End date:
  - Position: Senior Scientist, Risk Assessor
  - Activities: Environmental risk assessment of human and veterinary pharmaceuticals; Research project officer [Environment, Ecology, Endocrine Active Substances, Effect\_Monitoring]
  - Country: Germany
2. Employer: German Environment Agency
  - Start date: 102005
  - End date: 032008
  - Position: Scientist, Risk Assessor
  - Activities: Ecotoxicological risk assessment of plant protection products; Research project officer
  - Country: Germany
3. Employer: Frankfurt University
  - Start date: 102002
  - End date: 092005
  - Position: Post doc scientist
  - Activities: Researcher in COMPRENDO project (Comparative Research on Endocrine Disrupters); Endocrine disruption in invertebrates
  - Country: Germany

### Education and training

---

1. Subject:
  - Start date:
  - End date:
  - Qualification: Ecotoxicology, Environmental Toxicology, Biology, Risk Assessment of Pharmaceuticals, Statistics
  - Organisation:
  - Country:

### Additional information

---

#### Publications

#### Projects

COMPRENDO – Comparative Research on Endocrine Disrupters (2002\_2005) ValMol \_ Validation of Mollusc Reproduction Assays (2008\_2010) ValMolRepro II \_ Development and Validation of OECD Testguideline "Mollusc Reproduction Test" EffPharm \_ Effects of pharmaceuticals in fish and invertebrates and their detection by newly developed in vitro\_bioassays (2013\_2016)

#### Memberships

SETAC \_ Society of Environmental Toxicology and Chemistry DOTTS \_ Durg Organism Toxicity Testing Standardisation Group OECD ad hoc Expert Group on Invertebrate Testing Presentations e.g. at SETAC Europe, SETAC GLB Lectures e.g. at Goethe University Frankfurt, Leipzig University
