

## Curriculum Vitae

Personal information **Philippe BERNY**

Work experience

---

2018-	Head of the Clinical Pharmacy of Vetagro Sup, College of Veterinary Medicine
2015-ongoing	Member of the Expert Committee on Plant Protection Products at Anses, France (CES-PHYTO)
2015-2024	Member of the EFSA Plant Pesticide and Residue Panel
2014-2023	Member of the Expert Committee on Veterinary Drug at Anses, France (CES-Med Vet) – modified to Working Group on Veterinary Drugs
2011-2014	Member of the French National Commission on Veterinary Drugs
2010-2014	Head of the Veterinary Biological Sciences Department – College of Veterinary Medicine
2003-	Professor in veterinary Pharmacy and Toxicology
1999-2010	Assistant Head of Department (Veterinary Biological Sciences) – College of veterinary Medicine, Lyon  Associate Member of the “Commission d’évaluation de la toxicité” du Ministère de l’Agriculture (National Pesticide Registration Committee) as a Toxicology expert  Member of the National Toxicovigilance Commission
1998	Chairman of the Organizing Committee of the meeting “Agrochemicals and Animal poisoning : towards Toxicovigilance ?” Lyon July 3-4, 1998, a satellite meeting of the International Union of Toxicology IX meeting in Paris
1997-	Head of the Toxicology Laboratory (College of Veterinary Medicine, Lyon)
1994-	Assistant Professor in Veterinary Pharmacology and Toxicology – Head of the Toxicology Diagnostic Laboratory

- 1993-94 Associate Assistant Professor in Veterinary Pharmacology and Toxicology College of veterinary medicine, Lyon  
Reviewer for “Environmental Health Perspectives”
- 1990-93 Research assistant at the University of Illinois “Household Pets as monitors of environmental lead exposure to humans”
- Over 100 international publications, 60 poster and oral communications in veterinary (eco)toxicology and/or pharmacology

#### Education and training

---

2001. **Diplomate** of the European College of Veterinary Pharmacology and Toxicology (specialist in Toxicology) (ECVPT) (renewed 2011) – Member of the accreditation committee of the ECVPT
- 1990-93 **Philosophy Doctorate** (Ph D) in Veterinary Biosciences: toxicology  
University of Illinois at Urbana-Champaign (UIUC)
- 1990-93 **Internship** (veterinary clinical toxicology) at the National Animal Poison Control Center, University of Illinois
1989. **Doctor in Veterinary Medicine** – Silver medal for the Vet Thesis, University  
Lyon I
- 1988 End of veterinary studies
- 1982 End of High School studies

#### Additional information

---

##### Publications

- 106- Hirschinger J, Larrat S, Le Loc'h G, Arné P, Gourlay P, Le Moal C, Prevost L, Berny P, Ramery E, Zenner L, Rambaud T, Hubert P, Gilot-Fromont E, Lemberger K. Causes of Death and Screening for Toxicants and Hemopathogens of European Hedgehogs (*Erinaceus europaeus*) from a Wildlife Rehabilitation Center in Northern France. *J Wildl Dis.* 2025 Jan 1;61(1):100-110. doi: 10.7589/JWD-D-24-00092. PMID: 39573900.
- 105- Lamonica D, Charvy L, Kuo D, Fritsch C, Coeurdassier M, Berny P, Charles S. A brief review on models for birds exposed to chemicals. *Environ Sci Pollut Res Int.* 2024 Aug 12. doi: 10.1007/s11356-024-34628-5. Epub ahead of print. PMID: 39133414.

#### Projects

Current ongoing project on detection of residues of antibiotics and antiparasitic drugs in non-target vertebrate fauna living near farms (conventional and organic) (supported by a grant from the Ministry of Agriculture)

COST actions

- European Raptor Biomonitoring Facility (ERBF) #CA16224 (2018-2022) with 2 international publications and a short term

scientific mission

- SafeGameMeat (#CA22166) 2024-2027 in the working group (WP3) on chemical contaminants in game meat (PB, pesticides, drugs)
- ENVIRANT (#CA23154) 2024-2028 WG 1 and 5 on environmental impact of anthelmintics in livestock and alternatives to minimize their use

#### Memberships

Full-member of the Society for Environmental Toxicology and Applied Chemistry and of the Wildlife Disease Association (treasurer of the European section)

Keynote presentation at the first conference of COST Action 22166 on residues of drugs and pesticides in game meat (Porto, May 2025)

#### Other Relevant Information

Member of the European Food Safety Authority Pesticide and Plant Residue Panel (2015-2024) - as a member I was

involved in several environmental risk assessment working groups (scientific opinion on amphibians and reptiles, scientific opinion on bats to discuss the coverage of these species by the current birds and mammals guidance document), revision of the Birds and Mammals Guidance document (2023).

Member of the working group on veterinary drugs from Anses-ANMV (2015-ongoing)

Member of expert committee on pesticides at Anses (2006-ongoing)
