

Curriculum Vitae

Personal information Elisabeth Bojsen-Møller Secher

Work experience

1. Employer: Danish Medicines Agency
 - Start date: 082019
 - End date:
 - Position: Non-clinical assessor
 - Activities:
 - Country: Denmark
2. Employer: Biomedical Services Division, Lund University
 - Start date: 022017
 - End date: 062018
 - Position: Laboratory animal veterinarian
 - Activities: • Coordinated and supervised daily operations at two rodent facilities and a large animal research facility. • Reviewed ethical applications including SOPs, advised researchers about their study design and supervised experimental procedures in rodents. • Optimized animal welfare, performed health control according to FELASA regulations and oversaw import/export of small laboratory animals. • Responsible for anesthesia/analgesia in pigs, sheep and rabbits and monitored surgical procedures when developing new animal models or testing medical devices for human use. • Lecturing in "Anesthesia and analgesia in laboratory animals" at Lund University.
 - Country: Sweden
3. Employer: Department of Pathology and Wildlife Diseases, The National Veterinary Institute (SVA)
 - Start date: 022012
 - End date: 012017
 - Position: Laboratory Veterinary Officer (Pathologist)
 - Activities: • Performed histopathological assessment and interpretation of biopsy material. • Evaluated gross and histopathological changes in domestic and exotic animals to determine cause of death. • Described, interpreted and summarized findings in final reports and communicated results to stakeholders (e.g. veterinarians, owners or authorities).
 - Country: Sweden
4. Employer: Department of Veterinary Disease Biology, Faculty of Health and Medical Sciences, University of Copenhagen
 - Start date: 012009
 - End date: 012012
 - Position: PhD position at Section of Pathology
 - Activities: • Established, refined and characterized an experimental porcine model of human severe S. aureus sepsis. • Taught necropsy technique and histopathology for veterinary students at the Section of Pathology. • Performed daily routine necropsies with subsequent histological assessment.
 - Country: Denmark

Education and training

1. Subject: Faculty of Health and Medical Sciences, University of Copenhagen
 - Start date: 012009
 - End date: 062015
 - Qualification: Doctor of Philosophy (PhD)
 - Organisation:
 - Country: Denmark
2. Subject: University of Copenhagen
 - Start date: 082002
 - End date: 092008
 - Qualification: Doctor of Veterinary Medicine (DVM)
 - Organisation:
 - Country: Denmark
