

Curriculum Vitae

Personal information **Angela Colbers**

Work experience

October 2024

present

clinical pharmacology assessor (PK)

CBG

Netherlands

Focus on bioequivalence, pharmacokinetic interactions, special patient populations. Co_promotor of PhD projects on pharmacokinetics of antiretroviral medication in the paediatric, pregnant and breastfeeding populations with Radboud university medical center (Professor D. Burger)

February 2008

September 2024

Senior researcher

Radboud university medical center

Netherlands

Project leader of an international trial on pharmacokinetic changes in pregnancy with a focus on antiretroviral medication. Project leader of a national project researching breastmilk concentrations of antiretroviral medication. Teaching at the university, mainly pharmacology and good clinical practice. Co-promotor of several PhD students.

February 2007

February 2008

Regulatory affairs and project manager

NOTOX BV

Netherlands

Project management non-clinical studies, consultancy non-clinical study design.

September 1997

December 2006

Senior project manager

Farma Research BV

Netherlands

Project team leader and projectmanagement, preparing, performing, analysing and reporting of pharmacokinetic studies (bioequivalence, drug-drug interaction).

September 1995

August 1997

Medical research associate

NV Organon

Netherlands

Organise phase I trials (protocol writing, monitoring, analysis and reporting)

Education and training

February 2008

October 2015

PhD

Radboud university

Netherlands

Thesis: Exposure to antiretroviral agents in HIV-infected pregnant women: not too much - not too little
September 1989
August 1995
MSc
Radboud university medical center
Biomedical science MSc, with focus on toxicology

Additional information

Publications
