

Curriculum Vitae

Personal information **Stefan De Vos**

Work experience

Scientific file manager 2021 / present Federal Agency for Medicines and Health Products, Belgium

Post market surveillance of medical devices

Ph.D. Applied Biological Sciences : Vrije Universiteit Brussel, Brussels, Belgium 2002

Bio-engineer Chemistry: Vrije Universiteit Brussel, Brussels, Belgium 1996

Research Programme Officer 2009 / 2017 European Commission (DG RTD), Brussels, Belgium

* Extensive experience in monitoring and follow-up of research and innovation projects (€1 to €15 million projects) funded under the EU Research Framework Programmes (FP7, Horizon 2020). * Providing advice on administrative and financial aspects of projects and grant agreements. * Negotiating and managing projects; dealing with contract amendments.

* Monitoring contractual obligations and financial aspects to ensure progress is on target. * Identifying potential issues or risks that may hinder project progress.

* Organizing, implementing and following-up proposal evaluations/technical reviews. * Delivering routine advice, briefing and policy documents in regard to the EU Research Framework Programmes.

Post/doctoral Researcher 1996 - 2007 Vrije Universiteit Brussel – Vlaams Instituut voor Biotechnologie (VIB)

* Running projects in a joined effort with colleagues in the field of protein research. * Participated to a wide variety of internal and external training programs dealing with molecular biology, protein purification, biophysics, enzymology and X-ray crystallography in order to elucidate the structure-function relationship of enzymes.

* Monitoring Ph.D./Master projects, teaching and directing lab practicals to undergraduates and graduates.

Education and training

Ph.D. Applied Biological Sciences : Vrije Universiteit Brussel, Brussels, Belgium 2002

Bio-engineer Chemistry: Vrije Universiteit Brussel, Brussels, Belgium 1996
