 - Country:
4. Subject: SLU
 - Start date: 2005
 - End date:
 - Qualification: Associated Professor in Pharmacology
 - Organisation:
 - Country: Sweden

Additional information

Publications

My research area has covered different aspects of pharmacology, focussing mainly on drugs affecting the autonomous nervous system and the antihistamine clemastine. Both pharmacodynamic and pharmacokinetic aspects are covered in different papers. Being a chair of SAGAM I have been involved in different projects on antimicrobial resistance with the objective to publish reviews on certain hazards linked to the use of antimicrobials in animals.

Projects

Memberships

Member of the CVMP (2005_2013) Chair of SAGAM (2006_2012) Chair of the Respiratory Drafting Group (2016_current)
