The organisation I represent in the EMA / COMP as a patient representative is the European Genetic Alliances Network (EGAN, www.egan.eu). EGAN did not receive any grants from pharmaceutical industry in 2022 or 2023.

I am employed by the Dutch Federation of Cancer patient organisations (NFK) (www.nfk.nl).

In 2022 the following pharmaceutical companies donated in total € 45.000 (1.0% of the total NFK budget) in the NFK industry fund: € 15.000 by MSD, €10.000 by Astrazeneca and Janssen, and €5000 by Novartis and Pfizer. The money was used to broaden the reach out of our patient panel and to start a data mining project to retrieve data from out patient online forum groups. The sponsors were not not involved in determination of the content of any of the questionnaires send out to the panel, no data from the projects were funnelled back to them.

In 2023 NFK did not receive any funding from industry.

I did not gain any profit of that nor was I involved in the execution of that project.

The total budget for NFK is around 4,5 million euros. The major sponsors of NFK are the Dutch Cancer Foundation for 3,6 million (KWF, charity fund) and PGO foundation (money from the Dutch government).
