

## Curriculum Vitae

### Personal information Yasemin Suzer

#### Work experience

---

1. Employer: Paul\_Ehrlich\_Institut, Division Veterinary Medicine, Assessment of IVMPs (Germany)
  - Start date: 052015
  - End date: present
  - Position: Scientific assistant and assessor
  - Activities: Regulatory and scientific functions in pre\_marketing assessment (assessor for new applications) and post marketing surveillance (variations, renewals, pharmacovigilance) of immunological veterinary medicinal products within the scope of national, mutual recognition and decentralised procedures as well as centralised procedures.
  - Country: Germany
2. Employer: Paul\_Ehrlich\_Institut
  - Start date: 042025
  - End date: present
  - Position: Deputy animal welfare officer
  - Activities: According to § 10 of the German Animal Welfare Act (TierSchG) and § 6 of the regulations of animals used for experiments or for other scientific purposes (TierSchVersV)
  - Country: Germany
3. Employer: Paul\_Ehrlich\_Institut
  - Start date: 072015
  - End date: 042024
  - Position: Animal welfare officer
  - Activities: According to § 10 of the German Animal Welfare Act (TierSchG) and § 6 of the regulations of animals used for experiments or for other scientific purposes (TierSchVersV)
  - Country: Germany
4. Employer: Paul\_Ehrlich\_Institut
  - Start date: 032014
  - End date: 062015
  - Position: Deputy animal welfare officer
  - Activities: According to § 10 of the German Animal Welfare Act (TierSchG) and § 6 of the regulations of animals used for experiments or for other scientific purposes (TierSchVersV)
  - Country: Germany
5. Employer: Paul\_Ehrlich\_Institut, Division Veterinary Medicine, Viral Vaccines II (Germany)
  - Start date: 102013
  - End date: 042015
  - Position: Scientific assistant and assessor
  - Activities: Regulatory and scientific functions in pre\_marketing assessment (assessor for new applications) and post marketing surveillance (variations, renewals, pharmacovigilance) of immunological veterinary medicinal products within the scope of national, mutual recognition and decentralised procedures as well as centralised procedures.
  - Country: Germany
6. Employer: Paul\_Ehrlich\_Institut \_ Oncolytic measles viruses and vaccine vectors (Germany)
  - Start date: 122010
  - End date: 092013
  - Position: Research associate
  - Activities: Research in adjuvanted immunomodulatory vaccinia\_based vaccines in mouse models of orthopoxvirus infections, respectively with ectromelia virus.
  - Country: Germany
7. Employer: Paul\_Ehrlich\_Institut \_ Division of virology (Germany)
  - Start date: 042007
  - End date: 112010
  - Position: Research associate
  - Activities: Research in virology, vaccine development, respectively recombinant MVA vaccines. Establishment of mouse model of human orthopoxvirusinfections and post\_exposure vaccination.
  - Country: Germany
8. Employer: Paul\_Ehrlich\_Institut \_ Division of virology (Germany)
  - Start date: 122003
  - End date: 032007
  - Position: Research associate
  - Activities: Research in virology, vaccine development, respectively recombinant MVA vaccines against avian flu, cytomegaloviruses and allergies.
  - Country: Germany

#### Education and training

---

1. Subject: GSF \_ Forschungszentrum für Umwelt und Gesundheit \_ Department of Molecular Virology
  - Start date: 062000
  - End date: 112003
  - Qualification: Doctorate, PhD equivalent
  - Organisation:
  - Country: Germany
2. Subject: Ludwig\_Maximilians\_Universität

- Start date: 091993
- End date: 052000
- Qualification: Veterinary medicine \_ DVM equivalent
- Organisation:
- Country: Germany

## Additional information

---

### Publications

Use "Suezer Y" OR "Suzer Y" for searching PubMed by author name.

### Projects

### Memberships

Society of Laboratory Animals (GV\_SOLAS)
