

## Curriculum Vitae

Personal information **Annika Ridell**

### Work experience

---

1. Employer: Medical Products Agency
  - Start date: 032019
  - End date:
  - Position: Senior Quality Assessor
  - Activities: Quality Assessment of new applications for marketing authorisation of drugs. Assessment of both drug substance and drug product. Experience in centralised, decentralised and national procedures. Quality assessment of applications for clinical trials. Quality issues at scientific advices Involved in the drafting group for the guideline on quality and equivalence of topical products Alternate delegate for Swedish MPA in the QWP since March 2021
  - Country: Sweden
2. Employer: WHO Prequalification of Medicines
  - Start date: 062018
  - End date: 032019
  - Position: Technical Officer
  - Activities: Temporary position. Quality assessments of applications for prequalification of APIs or medicines. Assessment of quality of the drug substance. Coordination of applications and communication with applicants.
  - Country: Switzerland
3. Employer: Medical Products Agency
  - Start date: 112005
  - End date: 062018
  - Position: Quality Assessor
  - Activities: Quality Assessment of new applications for marketing authorisation of drugs. Assessment of both drug substance and drug product. Experience in centralised, decentralised and national procedures. Quality assessment of applications for clinical trials. Involved in the drafting group for the guideline on quality and equivalence of topical products
  - Country: Sweden
4. Employer: Uppsala University
  - Start date: 091997
  - End date: 062004
  - Position: PhD Student and teacher
  - Activities: Research in physical chemistry. Teaching pharmacist students in physical chemistry (in laboratory work, seminars, lectures and examination).
  - Country: Sweden
5. Employer: Apoteket AB
  - Start date: 062005
  - End date: 092005
  - Position: Pharmacist
  - Activities: Pharmacy duties
  - Country: Sweden
6. Employer: Apoteket AB
  - Start date: 062004
  - End date: 082004
  - Position: Pharmacist
  - Activities: Pharmacy duties
  - Country: Sweden

### Education and training

---

1. Subject: Uppsala University
  - Start date: 091992
  - End date: 051997
  - Qualification: Pharmacist
  - Organisation:
  - Country: Sweden
2. Subject: Uppsala University
  - Start date: 091997
  - End date: 102003
  - Qualification: PhD in Physical Chemistry
  - Organisation: Title of thesis: Characterisation of aqueous solutions, liquid crystals and solid state of non\_ionic polymers in association with amphiphiles and drugs Uppsala University, Sweden. Faculty of Pharmacy, Department of Pharmacy, group of Pharmaceutical Physical Chemistry
  - Country: Sweden

### Additional information

---

#### Publications

I. Ridell, Annika ; Evertsson, Hans ; Nilsson, Stefan: Influence of counterion on the interaction of dodecyl sulfates and cellulose ethers. Journal of Colloid and Interface Science, 247(2002): no. 2, 381\_388 II. Ridell, Annika ; Evertsson, Hans ; Nilsson, Stefan ; Sundelöf, Lars\_Olof: Amphiphilic association of ibuprofen and two nonionic cellulose derivates in aqueous solution. Journal of Pharmaceutical Sciences, 88(1999): no. 11, 1175\_1181 III. Ridell,

Annika ; Ekelund, Katarina ; Evertsson, Hans ; Engström, Sven: On the water content of the solvent/monoolein/water sponge (L3) phase. Colloids and Surfaces A: Physicochemical Engineering Aspects, 228(2003): no. 1\_3, 17\_24 IV. Mahlin, Denny ; Ridell, Annika ; Frenning, Göran ; Engström, Sven: Solid state characterisation of PEG 4000/monoolein mixtures. Macromolecules, 37(2004): no. 7, 2665\_2667 V. Mahlin, Denny ; Unga, Johan ; Ridell, Annika ; Frenning, Göran ; Engström, Sven: Influence of polymer molecular weight on the solid\_state structure of PEG/monoolein mixtures. Polymer, 46(2005): no. 26, 12210\_12217

#### Projects

#### Memberships

Member of Swedish Academy of Pharmaceutical Sciences (SAPS), Sweden

#### Other Relevant Information

Involved as temporary adviser in the Prequalification Team at the World Health Organization (WHO) since 2011.
