

Curriculum Vitae

Personal information **Lana Desnica**

Work experience

2006 - present University Hospital Center Zagreb, Zagreb, Croatia

Education and training

2014-2016 subspecialist in Hematology

2016 PhD, University of Zagreb, School of Medicine (PhD Degree Thesis: "Role of clinical laboratory markers of inflammation in assessing chronic graft versus host disease activity and severity")

2013 Internal Medicine specialist

2007 - 2013 Residency in Internal Medicine, Department of Internal Medicine, Clinical Hospital Center, Zagreb, Croatia

2006 - 2007 Research fellow in Division of Hematology, Department of Internal Medicine, University Hospital Center, Zagreb, Croatia; Principal investigator, MD, PhD; project title "Treatment of acute leukemia with allogeneic bone marrow transplantation"

2004 - 2005 Internship, University Hospital Center Zagreb

2004 - 2007 Postgraduate PhD program in Biomedicine and Health, University of Zagreb Medical School

1998 - 2004 University of Zagreb Medical School, graduated in June 2004

Projects

2010 - 2011 Research fellow at "Natural History study of chronic GvHD" in Experimental Transplantation and Immunology Branch, National Cancer Institute, National Institutes of Health, Bethesda, MD

2013 - 2015 Scientific assistant in Research Cooperability Program, Crossing Borders Grant, Croatian Ministry of science, education and sports : "Clinical and biological factors determining severity and activity of chronic graft-versus-host disease after allogeneic hematopoietic stem cell transplantation" (PI Damir Nemet, MD, PhD and Steven Z Pavletic, MD, PhD)

2017 - 2020 Scientific assistant at University grant "New biomarkers of chronic graft versus host disease" Croatian science foundation (PI D. Pulanić, MD, PhD)

2024 - present Scientific assistant at University grant „ADAMTS13, von Willerbrandov faktor i faktor VIII in a graft versus host disease after allogeneic hematopoietic stem cell transplantation" (PI D. Pulanić, MD, PhD)

Clinical trials:

2017 – 2019 A Randomized, Double-Blind Phase 3 Study of Ibrutinib in Combination With Corticosteroids versus Placebo in Combination With Corticosteroids in Subjects with New Onset Chronic Graft Versus Host Disease (cGVHD) (PCYC-1140-IM) – Sub-investigator (PI D. Pulanić, MD, PhD)

2017 – 2021 A Phase 3, Multicenter, Randomized, Double-blind, Double-dummy, Active-controlled Study to Assess the Efficacy and Safety of Maribavir Compared to Valganciclovir for the Treatment of Cytomegalovirus (CMV) Infection in Hematopoietic Stem Cell Transplant Recipients (SHP620-302) – Sub-investigator and Site-coordinator (PI R. Vrhovac, MD, PhD)

2017 – 2020 A phase 3, multicenter, randomized, open-label, active-controlled study to assess the efficacy and safety of maribavir treatment compared to investigator-assigned treatment in transplant recipients with cytomegalovirus (CMV) infections that are refractory or resistant to treatment with ganciclovir, valganciclovir, foscarnet, or cidofovir (SHP620-303) - Sub-investigator and Site-coordinator (PI R. Vrhovac, MD, PhD)

2021 – 2022 A multicenter, randomized, placebo-controlled, parallel-arm clinical trial to evaluate the efficacy of DAV132 in preventing Clostridioides difficile infection in patients with newly diagnosed Acute Myeloid Leukemia or high-risk Myelodysplastic Syndrome treated with intensive chemotherapy (DAV132-CL-3001) - Sub-investigator and Site -coordinator (PI R. Vrhovac, MD, PhD)

2022 - 2024 BMT CTN Protocol 2002: A Phase 3, Randomized, Open-Label, Multicenter Study, to Compare T-Guard to Ruxolitinib for the Treatment of Patients with Grade III or IV Steroid-Refractory Acute Graft-Versus-Host Disease (SR-aGVHD) - Sub-investigator (PI N. Durakovic, MD, PhD)

2024 - Randomized, open-label, multicenter phase 3 study to assess the efficacy and safety of GIVinostat versus hydroxyurea IN JAK2V617F-positive high-risk Polycythemia Vera patients: the GIV-IN PV TRIAL (Pi D. Pulanić, MD, PhD)

Memberships

Memberships:

Croatian society for hematological diseases

Croatian Cooperative Group for Hematological Diseases (KROHEM)

Secretary of the official journal (Bilten) of the Croatian Cooperative Group for Hematological Diseases

EBMT - European Group for Blood and Marrow Transplantation) – member and member of the aplastic anemia working party and transplant complication working party

Transplant coordinator for hematopoietic stem cell transplantation – University Hospital Center Zagreb

Presentations:

2011 „Assessing the validity of the NIH response criteria for chronic graft versus host

Disease (cGVHD): Consensus Measures Correlate with Clinical Outcomes" ; ASH (American Society of Hematology), USA

2012 „Chronic Graft-Versus-Host Disease (cGVHD) Patients with Bronchiolitis Obliterans Syndrome (BOS) Have Worse Clinical Manifestations and Severity of cGVHD with More Impairment in Self-Assessed Physical and Mental Health than cGVHD Patients without BOS" – ; ASH (American Society of Hematology), USA

2012 „NIH lung score components are associated with clinical outcomes, bronchiolitis obliterans syndrome and survival in chronic GVHD" – oral presentation; EBMT (The European Society for Blood and Marrow

Transplantation), Geneva, Switzerland

2013 „Organisation of chronic graft versus host disease program and clinical activity of multidisciplinary team“ – oral presentation „1st Symposium Chronic Graft Versus Host Disease And Long Term Complications After Hematopoietic Stem Cell Transplantation“, Zagreb, Croatia

2014 „Implementation and dissemination of chronic graft-versus-host disease NIH criteria and recommendations - formation of a multidisciplinary team and program at the University Hospital Center Zagreb, Croatia“; EBMT (The European Society for Blood and Marrow Transplantation), Milano, Italija

2014 „The Croatian model of NIH criteria implementation“ - invited speaker; EBMT Complications and Quality of Life Working Party Educational Course, Wasrsaw, Poland

2015 „Association of NIH organ cHVHD scores with blood lymphocytes subsets - a pilot study, Leukemia and Lymphoma, Dubrovnik, Croatia

2016 „3rd International Symposium & Advanced Postgraduate Course in cGVHD: Oral presentation, Clinical practice & research, Zagreb

2018 „Male urogenital cGVHD“ - oral presentation „4th International cGVHD Symposium and TCWP Educational Meeting“, Zagreb

2019 „Buccal mucosa autograft and other treatment modalities for male genital chronic graft versus host disease - case series“; EBMT, Frankfurt, Njemačka

2020 „Endothelial activation and stress index (easix) score at the onset of acute graft-versus-host disease in predicting outcome of allogeneic stem cell transplantation - a retrospective analysis“ - EBMT

2021 „Letermovir for cmv prophylaxis after allogeneic stem cell transplantation – clinical real world experience“ European Hematology Association, virtualni kongres

2023 „Use of CMV hyperimmunoglobulins (Cytotect) as preemptive treatment of CMV infection in patients after allogeneic stem cell transplantation - EBMT, Paris, France

2024 „CMV reactivation and its impact on survival after after allogeneic stem cell transplantation in letermovir era - EBMT, Glasgow, UK

Awards:

2012 Abstract Achievement Award Winner; American Society of Hematology; Chronic Graft-Versus-Host Disease (cGVHD) Patients with Bronchiolitis Obliterans Syndrome (BOS) Have Worse Clinical Manifestations and Severity of cGVHD with More Impairment in Self-Assessed Physical and Mental Health than cGVHD Patients without BOS

2011 Abstract Achievement Award Winner; American Society of Hematology; Assessing the Validity of the NIH Response Criteria for Chronic Graft Versus-Host Disease (cGVHD): Consensus Measures Correlate with Clinical Outcomes

Other Relevant Information

2013 one of the founder of the Multidisciplinary team for Chronic graft versus host disease in UHC Zagreb, Croatia
