

Curriculum Vitae

Personal information **Arjan van Drielen**

Work experience

June 2023 - present: Deputy director of the directorate for Medicines and Medical Devices at the Ministry of Health, Welfare and Sports in The Netherlands. Responsible for two teams: (1) Team Medical Devices (10 persons) and (2) Team Finances and Budget (7 persons).

March 2018 - June 2023: Member of the management team of the directorate for Sports at the Ministry of Health, Welfare and Sports in The Netherlands. Responsible for a team of 9 persons, who are active on policy making regarding elite sports, anti-doping, combatting matchfixing and EU-affairs on sports and exercise.

September 2013 - February 2018: Project manager at the Ministry of Health, Welfare and Sports in The Netherlands. I was responsible for several consecutive projects, ranging from a legislative project leading up to a law on anti-doping to several projects regarding medicines (such as combatting waste in the chain of medicines and exploring the possibilities of compounding medications within the EU legislative framework).

September 2008 - August 2013: Senior Policymaker at the directorate of Public Health at the Ministry of Health, Welfare and Sports in The Netherlands. Assigned with policy making on a range of topics in the field of public health.

Education and training

August 2006 - August 2010: Law and Legislative Master at the Erasmus University Rotterdam in The Netherlands. Specialty: administrative law.

August 1996 - October 2001: Master of Public Administration at the Erasmus University Rotterdam in The Netherlands. Specialties: Policy and Politics and Public-Private Partnerships
