---

- Certificate "emergency ultrasound, level 1" - college of emergency medicine UK in January 2013.
- Management certificate for the hospital doctor – Ghent, December 2006.
- French-Dutch linguistic equivalence certificate obtained in Brussels in May 2005.
- Ultrasound certificate for the polytraumatized patient issued by the Faculty of Medicine of Nîmes in February 2005.
- University diploma in coordination of medical relief in exceptional situations, Amiens, 2005

- Training in ALS (advanced life support) in May 2004.
- Pediatric ALS instructor training (generic instructor course) in December 2004.
- Training in "Military Acute Trauma Care", Royal School of Medical Service, Ghent, January 2001.
- Rescue-clearance-evacuation certificate obtained in Nancy in June 2001.
- Complementary certificate in humanitarian disaster intervention obtained at the Meurthe-et-Moselle disaster intervention detachment in September 2001.
- Recognition as a specialist in emergency medicine obtained in January 1999.
- Specialization in anesthesiology-resuscitation carried out at the ULB from October 1992 to September 1997.
- Disaster medicine capacity obtained in Lille in June 1996 (first of promotion). Dissertation on the risk of disaster in the chemical industry.
- Complementary certificate of competence in electrocardiography obtained at ULB in June 1991.
- Medical degree obtained with distinction in June 1990.
- 1st, 2nd, 3rd and 4th doctorate at ULB from September 1986 to June 1990.
- 1st, 2nd and 3rd applications for medicine at the State University in Mons from September 1983 to June 1986.

#### Additional information

---

##### Publications

- Responsible for the study on semi-automatic defibrillation (managed by Professor Mols) on the territory of the Regional Fire Service of Mons, the Fire Service of Quiévrain and the Red Cross of Saint-Ghislain and the Fire Service of Péruwelz.
- Participation in various studies and protocols in Lille at SAMU 59:
  - ASSENT: extra-hospital thrombolysis.
  - UTSTEIN: analysis of different managements of cardio-respiratory arrests.
  - FLAMME-GK11: management of spinal trauma in SMUR.
  - High dose adrenaline: use of low or large doses during cardiopulmonary resuscitation.
  - VAS: study of prehospital analgesia.
  - HOST: use in SMUR of synthetic hemoglobins.

- Member of the Organizing Committee of the Second Francophone Congress of Disaster Medicine in November 1999 in Mons.
- Moderator of a workshop at the Second Francophone Congress of Disaster Medicine.
- Collaboration in the development of an urgent medical aid project in Cameroon.
- Communication: “Relationship between ASA scores, duration of surgery and of PACU stay and frequency admission in the intensive care unit. - SBAR, Brussels, 02/98.
- Communication: “Collaboration with the second Ambulance Company in the context of teaching disaster medicine. » - Second Congress of Disaster Medicine, Mons, 11/99. Poster prize awarded by the jury.
- Communication: “Management of an advanced medical post as part of a collective reaction to an intradermo. » - Second Congress of Disaster Medicine, Mons, 11/99.
- Communication: “Early management of pain in an emergency department. - Annual Congress of the French Pain Society, Lille, 11/99, (first part of the study).
- Communication: “Early management of pain in an emergency department. » - Congress of the Society of Resuscitation in French Language, Paris, 01/00, publication in the additional issue "Resuscitation and Emergencies", (second part of the study).
- Communication: “The early management of pain in casualty wards. - 20th Symposium of Intensive Care and Emergency Medicine, Brussels, 03/00, publication in the supplementary issue of “Critical Care”, (third part of the study) 2000, 4 (suppl 1): p 188. .
- Communication: “Early management of pain in an emergency department. - Emergency Congress 2000, Lille, 05/00, publication in the May-June issue of the "Journal Européen de l'Urgence", (fourth part of the study).
- Communication: "Correlation between the measurement of the level of ambient carbon monoxide, the symptoms of intoxication and the level of serum carboxyhemoglobin. - Emergency Congress 2000, Lille, 05/00, publication in the May-June issue of the "European Emergency Journal".
- Communication: “Diagnosis of vertebral artery dissection in a patient with headache. - Emergency Congress 2000, Lille, 05/00, publication in the May-June issue of the "European Emergency

Journal".

- Communication: "Cross-border cooperation of rescue services in the event of a road accident." - Emergency Congress 2000, Lille, 05/00.
- Communication: "Sedation-analgesia during extrications. » - Resuscitation 2000 Congress, Antwerp, 06/00, publication in the May-June issue of « Resuscitation ».
- Communication: "The early management of pain in casualty wards. » - World Anesthesia Congress, Montreal, 06/00, (fifth part of the study and end).
- Communication: "Assessment of analgesia in ambulatory patients. » - Congress of the French Pain Society, Paris, 06/00.
- Communication: "Relationship between the measure of ambient carbon monoxide level, poisoning symptoms and the carboxyhaemoglobin level. - Annual Congress of the European Society of Intensive Care Medicine, Rome, 10/00, published in the supplementary issue of "Intensive Care Medicine".
- Speaker at the Aywaille Accidentology Congress: "The safety of those involved in accidentology.", 11/00.
- Member of the Organizing Committee of the Aywaille Annual Accidentology Congress.
- Moderator of the "Management of toxic risks" session of the 2000 Aywaille Accidentology Congress.
- Communication: "Correlation between the measurement of the level of ambient carbon monoxide, the symptoms of intoxication and the level of serum carboxyhemoglobin. » - Congress of the Society of Clinical Toxicology, Brussels, 12/00, publication in « Veterinary and Human Toxicology ».
- Communication: "Four cases of Crezol poisoning." - Congress of the Society of Clinical Toxicology, Brussels, 12/00, publication in "Veterinary and Human Toxicology".
- Communication: "Clinical evaluation of a new mode of oxygen administration: Tusk Mask II." - Congress of the French Society of Intensive Care Nurses, Paris, 01/01.
- Communication: "Clinical evaluation of a new mode of oxygen administration: Double Trunk Mask." - Congress of the French Society of Intensive Care Nurses, Paris, 01/01.
- Communication: "Clinical evaluation of a new mode of oxygen administration: Double Trunk Mask." - Congress of the French

Society of Resuscitation Physiotherapists, Paris, 01/01. Prize for the best communication.

- Communication: “Clinical evaluation of a new mode of oxygen administration: Tusk Mask II.” - Congress of the Society of Resuscitation in French Language, Paris, 01/01, publication in the additional issue “Resuscitation and Emergencies”.
- Communication: "Correlation between the measurement of the level of ambient carbon monoxide, the symptoms of intoxication and the level of serum carboxyhemoglobin. - Congress of the Society of Resuscitation in French Language, Paris, 01/01, publication in the additional issue "Resuscitation and Emergencies".
- Communication: “Assessment of analgesia in ambulatory patients.” - Congress of the Society of Resuscitation in French Language, Paris, 01/01, publication in the additional issue “Resuscitation and Emergencies”.
- Speaker at the Annual Congress of the Francophone Association of Emergency Nurses: "Pain in the emergency room", Wépion, 03/01.
- Speaker at the first symposium “Emergency & Medicine – Adult Resuscitation Workshops in Emergency Medicine”, Brussels, 03/01.
- Communication: “Experimental model allowing comparison between different ways of oxygen administration” - ESA Congress, Sweden, 04/01.
- Communication: “Clinical evaluation of a new way of administration of oxygen: Double trunk mask” - ESA Congress, Sweden, 04/01.
- Member of the Organizing Committee of the Twelfth World Congress of Disaster and Emergency Medicine, Lyon, 05/01. Head of the "Poster" Jury on May 10 and 11 at the Twelfth World Congress of Disaster and Emergency Medicine, Lyon, 05/01.
- Communication: "Collaboration between firemen, civil protection and medical team during extrication" - World Congress of Disaster and Emergency Medicine, Lyon, 05/01, publication in the March 2001 issue of Prehospital and disaster medicine.
- Communication: "Study of stress among rinsis workers" - World Congress of Disaster and Emergency Medicine, Lyon, 05/01, publication in the March 2001 issue of Prehospital and disaster medicine (Prehosp Disast Med 2001;16(2) :s66).
- Communication: "Proposal of standardization protocol in taking care of abdominal pain in emergency room" - World Congress of

Disaster and Emergency Medicine, Lyon, 05/01, publication in the March 2001 issue of Prehospital and disaster medicine (Prehosp Disaster Med 2001;16(2):s22).

- Communication: "Experimental model allowing comparison between different ways of oxygen administration" - World Congress of Disaster and Emergency Medicine, Lyon, 05/01, publication in the March 2001 issue of Prehospital and disaster medicine (Prehosp Disast Med 2001; 16(2):s80). Prize for the best communication of May 11.
- Communication: "Clinical evaluation of new ways of administration of oxygen: Tusk Mask II and Double Trunk Mask" - World Congress of Disaster and Emergency Medicine, Lyon, 05/01, publication in the March 2001 issue of Prehospital and disaster medicine (Prehosp Disast Med 2001;16(2):s23).
- Communication: "Theoretical saving computation of oxygen in disaster situation by using a new oxygen administration mode, the Tusk Mask II" - World Congress of Disaster and Emergency Medicine, Lyon, 05/01, publication in the March 2001 issue of Prehospital and disaster medicine (Prehosp Disast Med 2001;16(2):s81). Prize for the best communication of May 12.
- Communication: "Evaluation of analgesia for out-patient" - World Congress of Disaster and Emergency Medicine, Lyon, 05/01, publication in the March 2001 issue of Prehospital and disaster medicine (Prehosp Disast Med 2001;16(2 ):s80).
- Communication: "Management of a calcium oxide intoxication in a factory" - World Congress of Disaster and Emergency Medicine, Lyon, 05/01, publication in the March 2001 issue of Prehospital and disaster medicine (Prehosp Disast Med 2001;16 (2):s66). Prize for the best communication of May 10.
- Communication: "About four workers who were poisoned with crezol" - World Congress of Disaster and Emergency Medicine, Lyon, 05/01, publication in the March 2001 issue of Prehospital and disaster medicine (Prehosp Disast Med 2001;16( 2):s78).
- Communication: "Efficiency of cardio-pulmonary resuscitation: comparison between formation's evolution" - World Congress of Disaster and Emergency Medicine, Lyon, 05/01, publication in the March 2001 issue of Prehospital and disaster medicine (Prehosp Disast Med 2001 ;16(2):s79).
- Communication: "Comparative study of cardio-pulmonary resuscitation efficiency" - World Congress of Disaster and Emergency Medicine, Lyon, 05/01, publication in the March 2001 issue of Prehospital and disaster medicine (Prehosp Disast Med 2001;16( 2):s79). Member of the Technical Committee of the First Middle East Multinational Conference on Emergency Medicine -

Istanbul, 10/01.

- Communication: "Playful aspect of analgesia in children" - Caribbean Emergency Medicine Congress - Guyana, 10/01.
- Communication: "Pediatric analgesia or how to avoid needle stress" - Caribbean Emergency Medicine Congress - Guyana, 10/01.
- Communication: "About an image of alveolar filling with unexpected diagnosis" - Caribbean Emergency Medicine Congress - Guyana, 10/01.
- Speaker of the symposium "Emergency & medicine - Adult Resuscitation Workshops in Emergency Medicine - Early management of severe trauma", Brussels, 10/01.
- Publication: "Vertebral artery dissection: a rare cause of headache", *Thur*, 2001, 14, 186-188.
- Speaker of the symposium "Towards better management of pain in emergencies", CHR de la Citadelle, Liège, 02/02.
- Winner of the third André Beernaerts Prize (2002) awarded by the Corps of Internship Supervisors of ULB Hospitals rewarding a doctor who has distinguished himself in the defense of the quality of hospital care and ethics.
- Publication: "Pain management in pediatric emergencies", *Urg Prat* 2002; 52.33-35.
- Winner of the 2002 César Gillis prize for the organization of medical aid for the BRASA rally.
- Speaker of the symposium "Emergency & medicine - Adult Resuscitation Workshops in Emergency Medicine - Early management of severe trauma", Brussels, 10/02.
- Communication: "Pediatric analgesia or how to avoid needle stress" - Congress of the Society for the Study and Treatment of Pain – Lyon, 02/11.
- Communication: "Playful aspect of analgesia in children" - Congress of the Society for the Study and Treatment of Pain - Lyon, 02/11.
- Deputy organizer of the symposium "Emergency & Medicine - Adult Resuscitation Workshops in Emergency Medicine - Early management of severe trauma", Brussels, 01/03.
- Publication: "Carbon monoxide poisoning", *Urg Prat* 2003; 56.47-48.

- Deputy organizer of the symposium “Emergency & Medicine – Adult Resuscitation Workshops in Emergency Medicine, Brussels 06/03.
- Deputy organizer of the symposium “Emergency & Medicine – Adult Resuscitation Workshops in Emergency Medicine, Brussels 11/04.
- Deputy organizer of the symposium "Emergency & medicine - Adult Resuscitation Workshops in Emergency Medicine - Early management of severe trauma", Brussels, 10/05.
- Editor of the "emergency" section of the newspaper "Le Généraliste" and of articles in "L'agenda de gastro", "L'agenda de cardio", "L'agenda de pédiatrie" and "L'agenda de neuro-psy" ". Publication: “About a case of right lateral sinus thrombosis”, Urg Prat 2004; 63, 63-64.
- Publication: “Rupture of a branch of the superior mesenteric artery”, Urg Prat 2004; 65, 39-40.
- Communication: “Use of hypnosis in general emergency service – Edinburgh, 05/05 Prehosp Disast Med 2005; 20(3): s146.
- Speaker at the Annual Congress of the Belgian Pain Society, Brussels, 06/05.
- Member of the scientific committee of the congress of the Belgian Pain Institute, Brussels, 10/05.
- Presentation: "The agitated patient, frequent pitfalls, which drugs?" » - 11th Colloquium on extra-hospital emergencies, Libramont, 05/06.
- Presentation: "Diagnostic evaluation and control methods of the aggressive patient" - Iris Network, Brussels, 05/06.
- Publication: “The organization of an Acute Pain Service”, Acta Anaesth Belg 2006; 57, 105-107.
- Publication: “A constipation of unexpected etiology”, Urg Prat 2006; 78, 47-48.
- Speaker at the First European Congress of Nurse Anaesthetists, Metz, 10/06.
- Speaker at the Siz-nursing Congress, Gilly, 10/06.
- Communication: “Study of rebreathing in the Double Trunk Mask” - Congress of Pneumology in French language – Paris, 01/07.

- Communication: “Evaluation of a modality of buccotracheal aspiration”, Congress of the Society of Resuscitation in French Language, Paris, 01/07.
- Communication: “Capnographic evaluation of rebreathing induced by the use of a Double Trunk Mask”, Congress of the French Language Resuscitation Society, Paris, 01/07. Prize for the best communication.
- Publication: "Case report: inhalation of a moth heterocera" - *KinéR* 2007; 47: 255-56.
- Chairman of the Leuven Winter Anesthesia Symposium, 01/07.
- Communication: “Continuous medical education in disaster medicine” - World Congress for disaster and emergency medicine – Amsterdam, 05/07 *Prehosp Disast Med* 2007; 22(2): s15.
- Communication: “Crisis Center quality management” - World Congress for disaster and emergency medicine – Amsterdam, 05/07 *Prehosp Disast Med* 2007; 22(2): s119.
- Chairman of the annual congress of the Belgian Pain Society, 06/07.
- Organizer of the Belgian Pain Institute congress on “Pain in emergency settings”, Brussels, 10/07.
- Publication with the help of the Belgian Pain Society and the Belgian Pain Institute of a book entitled “Towards optimal management of pain in the emergency room”, 10/07.
- Communication: “Cross-border disasters”, Paris, 06/08.  
Communication: "Expression of pain in the non-verbalizing patient", Charleroi, 10/08.
- Communication: “Cross-border disasters”, Brussels, 12/08.
- Jolimont Congress speaker: "STEMI care in the acute phase", Jolimont, 02/09
- Speaker and member of the Organizing Committee of the Congress on Chemical Disasters, Thionville, 03/09.
- Deputy organizer of the symposium “Emergency & Medicine – Adult Resuscitation Workshops in Emergency Medicine, Brussels 11/09.
- Deputy organizer of the symposium “Emergency & Medicine – Adult Resuscitation Workshops in Emergency Medicine, Brussels 03/10.

- Publication: “Human pain, animal pain”, Paris, Ed Quaes, 2010.
- Publication: "Emergency", editing of most of the texts, Ed B2, 11/10.
- AFIU congress speaker: “Legislation in disaster medicine”, Namur, 01/11
- Speaker Besedim Congress 2010: "Role of first responders in disaster situations", Brussels, 01/11.
- Member of the scientific committee of the Besedim 2011 congress.
- Communication: “Study of energy expenditure and oxygen consumption during cardiopulmonary resuscitation”, SFMU – Paris, 06/2011.
- Organizer of the disaster medicine course in collaboration with the University of Sousse – Tunisia, March 2012.
- Guest speaker at the “Urgent Medical Aid Days 2012” on the theme “Analgesia - sedation in the emergency room” - Sousse, Tunisia, May 2012.
- Organizer of the disaster medicine course in collaboration with the University of Sousse – Tunisia, November 2012.
- Organizer of the congress “crowd gatherings from prevention to disaster management” - Brussels, 10/2012.
- Invited speaker of the course “organization of hospital services in disaster situations” organized by the World Health Organization, Tunis, March 2013.
- Guest speaker at the “Urgent Medical Aid Days 2013” on the theme “Analgesia - sedation in the emergency room” - Sousse, Tunisia, May 2013.
- Member of the scientific committee of the Besedim 2013 congress.
- Speaker at the “Pain” symposium on the theme “Pre-hospital pain management”, Mons, 05/2013.
- Communication: “Preventive devices, statistical analysis of cases encountered and establishment of a typology of manifestations, WCDEM, Manchester, 05/2013.
- Member of the Organizing Committee of the thirtieth anniversary congress of the French Society of Disaster Medicine, Paris, 06/13.
- Member of the Organizing Committee of the congress “Ethics, responsibility and deontology in disaster situations”, Paris, 12/13.

Sustainability 2023, 15, 11668.

#### Projects

- Participation in 2 European grants :
  - Overcome
  - Smart4bio

#### Memberships

- Member of the Scientific Committee of BESEDIM (Belgian Society for Emergency and Disaster Medicine) from 2008 to 2014.
- Member of BECEP (Belgian College for Emergency Physicians).
- Member of the BPS (Belgian Pain Society), President of the Working Group on pain in emergencies from 2006 to 2009.
- Member of the board of the Belgian Pain Society from 2006 to 2009, in charge of communication of the BPS from 2006 to 2009.
- Member of the SFMC (French Society of Disaster Medicine). SFMC correspondent for Belgium. Member of the Board of Directors since 2012. Member of the office as Deputy Secretary-General from 2012 to 2016. Member of the Scientific Committee since 2022.
- Member of WADEM (World Association for Disaster and Emergency Medicine).

- Member of the ISCM (International Society of Disaster Medicine) until its dissolution.
- Member of the SSSMM (Scientific Society of the Military Medical Service).
- Participation in the International Francophone Network of training and teaching centers in exceptional medicine in 2003.
- Founding member of the European Council of Disaster Medicine. 2014.
- General Secretary of the European Council of Disaster Medicine. 2014-2022.
- President of the European Council of Disaster Medicine. 06/2022.
- Chair of European chapter of WADEM since 2023.
- Member of CREDO since 2022.
