Quality Assurance

November 10, 2020

**BSE/TSE Statement for 1,2-Distearoyl-sn-glycero-3-phosphocholine (DSPC)
(Avanti Product #: 730365, 850365)**

Dear Sir/Madam:

All materials and excipients used in the synthesis and purification of DSPC are not of animal origin. This product is free of agents causing bovine spongiform encephalopathy (BSE) and related diseases.

The product has not been evaluated for viral loading; however, the manufacturing process involves extensive use of organic solvents.

If you have any questions or need additional information, please do not hesitate to contact me.

Cordially,
