16 May 2017

PedCRIN update

PedCRIN has received funding from H2020 under grant agreement no. 731046.

The three-year project brings together ECRIN and the founding partners of the European Paediatric Clinical Trial Research Infrastructure (EPCT-RI) to develop capacity for the management of multinational paediatric clinical trials.

- Kick-off meeting in Paris from 9 to 10 January.
- On 15 February, the [call for multinational paediatric clinical studies](#) was released.
- A [mini PedCRIN website](#) (on the ECRIN website) will be officially launched soon, along with various communications materials.
