

19 April 2012 EMA/CHMP/184674/2012 Committee for Medicinal Products for Human Use (CHMP)

Summary of opinion¹ (post authorisation)

Lantus

insulin glargine

On 19 April 2012, the Committee for Medicinal Products for Human Use (CHMP) adopted a positive opinion recommending a variation to the terms of the marketing authorisation for the medicinal product Lantus. The marketing authorisation holder for this medicinal product is Sanofi-Aventis Deutschland GmbH. They may request a re examination of the CHMP opinion, provided that they notify the European Medicines Agency in writing of their intention within 15 days of receipt of the opinion.

The CHMP adopted a change to an indication as follows:

Treatment of diabetes mellitus in adults, adolescents and children aged 2 years and above.

Original indication was as follows:

For the treatment of adults, adolescents and children of 6 years or above with diabetes mellitus, where treatment with insulin is required.

Detailed conditions for the use of this product will be described in the updated summary of product characteristics (SmPC), which will be published in the revised European public assessment report (EPAR), and will be available in all official European Union languages after the variation to the marketing authorisation has been granted by the European Commission.

¹ Summaries of positive opinion are published without prejudice to the Commission decision, which will normally be issued within 44 days (Type II variations) and 67 days (Annex II applications) from adoption of the opinion.
